Filip Jarolím

jarolimfilip07@gmail.com | linkedin.com/in/filip-jarolim | github.com/filipjarolim

Education

Masaryk University — Brno, Czech Republic
B.Sc. Cybersecurity, Faculty of Informatics — *2026 – Present*

Cambridge Assessment English
Cambridge English: First (FCE), CEFR C1

Projects

Brain | *Python, TypeScript*

- Markdown vault with wikilinks and tags, plus a CLI, a web graph, and an MCP server
- Capture turns pasted text, URLs, or screenshots into notes
- Runs locally, with Ollama by default, or Groq or Gemini

NaučMěTo | *Next.js, TypeScript, Supabase*

- Upload a PDF, slides, or notes and get a quiz, a cheat sheet, and flashcards from the file
- Notes and a workspace sit with each document
- Supabase handles auth, storage, and the database

Plavecká škola Lavia | *Next.js, TypeScript*

- Public site for Plavecká škola Lavia at plavanilaviabrno.cz
- Next.js on Vercel, with season content stored in the repository
- Staff edit that content in the admin page; a save commits to GitHub and Vercel rebuilds

Strakatá turistika | *Flutter, Dart* — Jan. 2025 – Present

- Flutter application for Strakatá turistika, built around GPS
- Listed on LinkedIn as an active project since January 2025

Create Filip App | *JavaScript, Next.js, Tailwind CSS*

- Scaffolds Next.js with the App Router, TypeScript, and Tailwind CSS
- Interactive setup for components, themes, and the package manager
- Published to run with npx create-filip-app

Technical Skills

Languages: Python, TypeScript, Dart
Frameworks: Next.js, React, Flutter
Developer Tools: Git, Linux, Supabase, Tailwind CSS
